5 O'CLOCK EDITION.

EL RIO REY was raised and trained in this State, and now that he is proving himself the best two-year-old in the world, the people feel a little hurt over the fact that at the East they insist on calling him the "California horse." In his race at Westchester last week he ran three-fourths of a mile in 1:11, and carried 126 pounds, beating the world's record just a second. Mr. Winter's interests are nearly all in this State, in fact, he does not feel at home anywhere else, and we would suggest that he raise the flag over his stable and have printed on it "The Nevada Stables," and let the folks at the East know that we can at least produce a race horse that can everlastingly warm their jacket in any race he will start in. In this connection it might be well to state that Winchell, his rider, is a Nevada production, and left Reno but a few years ago to enter the speed ring as a rider, and has proven himself the equal of the best of them. Nevada objects to California getting away with the glory.

The London strike is not only a fearful thing, but it shows under what stress the men must have been when they entered upon it. We can judge that by the demands which the strikers make. They ask for \$1.20 per day, and if they are held after hours, for 16 cents per hour for such time. It will not do, says the Salt Lake Tribune, to make any more comparisons between English and American wages. When in the richest Empire of the world, at a time when her chief men are congratulating their country on an era of unexampled prosperity, a roaring strike is inaugurated because men insist that they need \$1.20 per day to live and to feed their babies; it will not do to hold up such a land as a model for ours to copy from. What we need is to improve some features of our own methods, not to adopt the methods which fill England with a few millionaires and a nameless host of paupers.

JOHN BRADLEY, one of the State Water Commissioners, it is understood, favors spending at least a part of the \$100,000 appropriated last winter for the storage of water, on the Truckee, as he is satisfied that a good showing can be made, and now that the Carson river project has been given up, it will seem very strange if other members of the Board do not fall into line and at least investigate the proposition. The Carson is by no means the only stream in the State where a showing can be made, and if enough of the appropriation is expended to show that water can be profitably stored, it does not matter much where it is put, so long as it is done honestly. The GAZETTE would suggest that the President call the Board together and discuss the matter. Why procrastinate longer?

It is to be hoped, says the Chronicle, that the State Department will act promptly and firmly in dealing with the Swiss authorities who arrested four Americans on the charge that they were pickpockets and released them on ascertaining that they were only respectable travelers who had gone to Switzerland to be robbed by the innkeepers, etc., of that country. Nothing less than heavy money damages should be accepted as an apology for the affront. A few demands for money compensation would teach the greedy and insolent foreigner that Americans are not to be trifled with when on their travels.

A CORRESPONDENT writing from Paris to A. M. Chantz of Virginia City dishes up Nevada's Commissioner to the Paris Exposition in great form. We have no acquaintance with the correspondent, but from the impressions gained of the "Dr." while here, we are disposed to believe that nothing more than the truth has been told, and no time should be lost in dismissing the apparent fraud who is disgracing our sagebrush commonwealth.

After a Jury.

CHICAGO, Sept. 2.—The work of getting Cronin's jury was resumed this morning. Nothing of interest was developed.

THE LONDON STRIKE.

Labor Day in the Several Eastern States.

AN OLD WHITE HOUSE DEBT.

Illinois Dairymen on the Dressed Beef Swindle.

DEAD MAN RESURRECTED.

A Proposed National Highway to Mount Vernon.

The Strike Spreading.

LONDON, Sept. 2.—Three thousand tailors struck this morning and are parading the streets.

Information was received by Police Burns to-day which urged the strikers to proceed to the docks and expel the men working there.

The dock companies are better satisfied with the aspect of affairs. They have increased the number of men at work, including some of the strikers. It is asserted that there is a split among the strikers, and a small committee looking to an abandonment of the strike.

The Rochester coal whippers and barge men visited a large number of vessels in the river and forced the men to quit work.

The great strike is still in force. Neither side has made a move yet to-day. There are signs of grumbling among the strikers over the division of the relief funds. The men generally stand firm.

BACSTER, Sept. 2.—Three thousand looms have been stopped owing to the depression in trade.

DUNDEE, Sept. 2.—The Trades Union Congress here adopted resolutions of sympathy with the strikers, and called upon the various trades of the United Kingdom to render all possible financial support.

A mob of 800 strikers invaded the Albert docks this afternoon and compelled the men to quit work.

A deputation of ship-owners waited upon the dock companies and urged them to give the shippers power to make their own arrangements with the men for the discharge and loading of their vessels. The Chairman of the Joint Docks Committee appealed to the shippers not to press their request, for to grant it would be impossible without conceding the points which the companies are fighting against. At a meeting of the wharfingers a resolution was adopted advising the strikers to accept the dock companies' offers.

Last Saturday's Great Race.

WESTCHESTER, Aug. 31.—At the start the racers got away bunched, and St. Carlo forged ahead before the half was reached, followed closely by the colt, Winchell riding well. The vast assemblage turned all eyes on the flying forms of the riders, and the shouts of St. Carlo's admirers could be heard. The half was passed with the colt half a length behind, and as the stretch was reached the cry "Neck and neck" was raised. It was a moment of suspense to the admirers of both horses, but it could be seen that before half the stretch was traveled St. Carlo was tired and dropping behind. Winchell let the California colt out and he passed under the wire in 1:11, breaking all previous records. Ruperta finished second. The rider and horse received an ovation that is seldom witnessed. The coincidence in which the record-breaking is that while Geraldine's record was lowered by an Eastern horse on the last day, Tipstiff's, an Eastern racer, was lowered by a California horse on the same day.

An Old Debt on the White House.

WASHINGTON, Sept. 2.—There is a mortgage on the White House. H. B. Harlow, Secretary and Treasurer of the Mount Vernon Avenue Association, speaking of the project to build a new Executive mansion, said: I am glad to see the subject agitated, and I hope it will be taken up and pushed by Congress. When it is, our association, to which the Virginia Legislature has transferred its claim against the government for borrowed money by General Washington to build the present structure, will present that claim and ask for the payment of the old debt before commencing the new. The claim, which is for \$120,000, has never been denied by the Government, nor can it be, for we have the promise of the Government made through Washington to pay the money back to Virginia. We will not, perhaps, ask that the claim be paid in money, but will probably suggest that Congress defray the expenses of building the proposed national highway to Mount Vernon. If they agree, we will transfer the Virginia mortgage on the White House as a contribution to the project.

The Dressed Beef Swindle.

CHICAGO, Sept. 2.—The Senate Committee to investigate the relative rates on dressed beef and live cattle met here to-day. Senators West, Coker and Farwell present. The railroad managers were called to testify as to the proper rates. Elgin (Illinois) dairymen testified that the dressed beef business has entirely changed the conditions; the local butchers no longer slaughtered at home, but bought dressed beef in Chicago. Cattle, to be sold, must be shipped to Chicago, and the price of cattle had greatly depreciated, but there was no reduction in the price of beef.

The Dead Alive.

WATERBURY, Conn., Sept. 2.—E. M. Andrews, a wealthy architect, went to Florida and was murdered there in January, 1886. His widow collected his life insurance, and it is now said he lives in Portland, Oregon, and will soon return. The circumstances of his mysterious disappearance are unknown.

Labor Day.

PITTSBURG, Pa., Sept. 2.—Labor Day is celebrated in Western Pennsylvania for the first time by a general suspension of business, but the only public demonstration in this city was a parade of the United Carpenters and Joiners' Brotherhood, in which 2,000 participated. Picnics were held by other trades at Greensburg. Local labor organizations and grangers participated and afterwards held a meeting, at which addresses were made by labor leaders favoring the eight-hour movement.

In the coke region the works are generally idle. A mass meeting was held at Scottdale.

NEW YORK, Sept. 2.—Labor Day here was ushered in by a bright sunshine. From early morning the streets were crowded by the sons of toil. However, a large number of working girls trudged along as usual with their lunch in their hands. In a majority of cases it was found they worked in cigar factories and other concerns which had no respect for Labor Day. On the east side many factories blew 7 o'clock whistles. All exchanges are closed.

CHICAGO, Sept. 2.—Labor Day was observed by two processions, one under the auspices of the Trades and Labor Assembly and the other by the Knights of Labor. Both marched through the streets and then proceeded to their picnic grounds outside of the city.

KANSAS CITY, Sept. 2.—No general observance of Labor Day. A parade was participated in by the carpenters in the morning.

BOSTON, Sept. 2.—The observance of Labor Day is more general than heretofore. Business is entirely suspended. The procession was the feature of the day.

CINCINNATI, Sept. 2.—Observance of Labor Day was obstructed by the rain.

ALBANY, N. Y., Sept. 2.—Labor Day was celebrated by a parade of three thousand in line. Reviewed by Governor Hill, and a picnic in the afternoon, at which the eight hour question was discussed.

PHILADELPHIA, Sept. 2.—Delightful weather favored the first observance in this city of the Labor Day. Banks and exchanges closed, also nearly all the mills, factories, and other business establishments closed in the afternoon.

NEW YORK, Sept. 2.—The procession, which was not so large as last year, was greeted all along the route by enthusiastic crowds.

SAN FRANCISCO, Sept. 2.—Labor Day was observed by the Trades Union in this city, though business was not suspended. A parade was held in the morning, and probably two thousand people were in line. A majority of the men carried small American flags. A number of floats, representing various industries, were in the procession.

Abandoned Military Posts.

WASHINGTON, Sept. 2.—With the approval of Secretary Proctor, General Schofield issued the following order: The garrisons of Fort Laramie, Wyoming Territory; Fort Hayes, Kan., and Fort Lyon, Col., will be withdrawn and the posts named will be abandoned, and the troops there withdrawn assigned to other stations by the Division Commander. A regiment of infantry will be ordered from the Department of the Missouri and the Department of the Platte to take a station in the Department of Texas. The Commander General of the division of Missouri will give the necessary orders to carry these changes into effect as soon as it can be done with due regard to economy.

Baseball Games.

NEW YORK, Sept. 2.—Pittsburg 6, New York 9.

BOSTON, Sept. 2.—Morning game—Indianapolis 3, Boston 8.

BROOKLYN, Sept. 2.—Cincinnati 4, Brooklyn 7.

Steamer Arrivals.

HAVRE, Sept. 2.—Arrived—Steamer Normandie for New York.

SOUTHAMPTON, Sept. 2.—Arrived—The New York for Bremen.

NEW TO-DAY.

THE

OPERA HOUSE

DRY GOODS STORE.

THIS store is now being generally known all over the State of Nevada as the popular ONE PRICE dry goods house, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and the Re-Adjuster of Values

—IN—

Staple and Fancy Dry Goods

Gents' Furnishings, Household Furnishings,

Ready Made Clothing

And Boots and Shoes.

Please note the various reasons by which I claim I have advantages over all competing houses.

- 1st. I buy for cash and cash only.
- 2d. I visit the markets in person frequently and buy my own goods myself for the lowest possible spot cash price.
- 3d. My aim and ambition is big business, quick sales and small profits. This is what I claim and what I battle for. Having this object in view to give everybody good value for their money, success is already achieved, as I challenge any one to dispute that I make the lowest prices.
- 4th. My store is the largest and best lighted of any in the city—the three large plate glass show windows which crown the building would do credit to any large store in a large Eastern city, light being of great importance in any well regulated store.
- 5th. I engage the best and most experienced and skilled salesmen that can be found in this country. W. R. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.
- 6th. I do just as I advertise; I do not advertise my goods at cost, as no intelligent person can swallow so silly an announcement as that; nevertheless, many of our merchants of to-day advertise under the head of selling goods at cost.
- 7th. All goods are marked in plain figures and no goods are misrepresented.

Having now given seven reasons why I can lead all competing houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including Fine French Cashmeres, French Camel's Hair, Beatrice Cloths, French Foule, Tricot Cloths, Tricotine Cloths, Albatros, Nuns' Veiling, French De-beiges, Fancy Striped Alpaca, in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

Is well stocked with all the latest and best known brands of French Cashmere, French Camel's Hair, French Soliel, Albatros, Nuns' Veiling, Sicilian Cloths, and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Are replete with all the shades that can possibly be obtained this side of the Rocky Mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hose that are manufactured on this Coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently added the above stock, and will say that my success in that department has superseded all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark, that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell good suits for men from \$5.00 up.

In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the best selected and largest stock of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the people of Reno and the public in general for their kind patronage for the past year, and soliciting a continuance of the same, I remain, respectfully,

C. W. BOOTON,

Opera House Dry Goods Store.

THE GAZETTE

Is the Best and

JOTTINGS.

For the best brands of both tobacco and cigars, also cigar and cigarette holders, patronize C. A. Thurston's news depot.

An examination of C. J. Brookins' stock of newly manufactured candies, will convince you that no better are made anywhere.

No better hotel accommodations can be had between Sacramento and Omaha, than are furnished every day in the week at the Riverside Hotel.

Miss Emma Gibbs carries a full stock of the latest styles of dress buttons, ribbons, feathers and all other hat, bonnet and dress trimmings.

As the days grow shorter, you have less time to go home for your noon lunch, therefore J. J. Becker's midday meals are a greater convenience than ever.

S. L. Cohoon of John Wieland's beer bottling agency is prepared to fill all orders of the above beverage, either by the barrel, keg, bottle or glass.

For all kinds of the best family groceries, patronize J. N. Wallace, who carries only first-class goods at bottom prices, and promptly delivers all orders.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative remedy known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the Cal. Fig Syrup Company.

How to Test a Diamond.

The Mining and Scientific Press says: It is said that an expert is no longer required to tell whether a diamond is genuine or not. The test is simple, and can be made in any place and in a moment. All you need is a piece of paper and a lead pencil. With the latter make a small dot on the paper, then look at it through the diamond. If you can see but one dot you can depend upon it that the stone is genuine, but if the mark is scattered, or shows more than one, you will be perfectly safe in refusing to pay ten cents for a stone that may be offered you at \$500. Of course a diamond to be subjected to such an examination must either be without its setting, or so mounted that the light will pass through it perpendicularly.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Hodgkinson & Co., druggists.

A Sound Legal Opinion.

E. Bainbridge, Munday Esq., County Atty., Clay Co., Texas, says: "I have used Electric Bitters with most happy results. My brother, was also very low with Malaria Fever and Jaundice, but was cured by the timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died had it not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach disorders stand unequalled. Price, 50c and \$1 at Hodgkinson's.

AGENEROUS MAN.

Matt. McCabe, of New Brunswick, Ill., offers to pay five dollars to any person troubled with bloody flux, who will take Chamberlain's Colic, Cholera and Diarrhoea Remedy according to directions and does not get well in the shortest possible time. One-half of a 25-cent bottle of this remedy cured him of bloody flux, after he had tried other medicines and the prescriptions of physicians without benefit. Mr. McCabe is perfectly safe in making this offer, as more than a thousand bottles of this remedy are sold each day and it has never been known to fail in any case of colic, cholera morbus, dysentery, diarrhoea or bloody flux, when the plain printed directions were followed. For sale by Osburn & Shoemaker.

Cholera in Michigan.

Dr. F. D. Larke, of Rogers City, Michigan, says the epidemic of last year in Presque Isle county, in which so many persons lost their lives, was choleric dysentery instead of cholera as first reported. He used Chamberlain's Colic, Cholera and Diarrhoea Remedy and says it succeeded, where all other remedies failed. Not a single case was lost in which it was used. This remedy is the most reliable and most successful medicine known for colic, cholera morbus, dysentery, diarrhoea and bloody flux. Treat five and fifty-cent bottles for sale by Osburn & Shoemaker.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. You have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottle free at S. J. Hodgkinson's.

Reno Chapter No. 7, R. A. M.

The next stated Convocation of Reno Chapter No. 7, R. A. M., will be held at Masonic Hall Thursday evening, September 5, 1889, at 8 o'clock sharp. Sojourning companions in good standing are fraternally invited to attend. By order of W. L. BECHTOLD, H. P. KRAUS, E. H. P. Secretary pro tem.

Long Island Races.

By Associated Press. SHEPHERD BAY, Sept. 2.—The first race was five and a half furlongs. Volunteer won, Hanover second and Young Duke third. Time, 1:06 1/2.

It should be generally known that Dr. Henley's Dandelion Tonic insures a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and wakefulness, and will infuse new life and strength into the weakest invalid. Sold by William F. Knicker.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is the only remedy that can always be depended upon for bowel complaint in all its forms: 25 and 50-cent bottles for sale by Osburn & Shoemaker.

WINTERS' STABLES.

Horsemen That Promise Much for the Future.

Theodore Winters has entered for the coming Fair at Reno three horses, which are now at the track, that are listed for the American Derby next year, and he challenges the Pacific Coast at the coming Fair. One he calls John A. Haskell, named after his bookkeeper at Washoe; Orito is the second and the third is Florence A. named after the eldest daughter of L. Abrahamson of the clothing firm of Abrahamson Brothers.

Mr. Winters has a stable of ten of the most promising animals in the country that are now at Sacramento, but which will be brought here after the Sacramento Fair is over. Among the number is a full brother of El Rio Rey, which he calls Roy Del Rey.

The celebrated horseman also has a yearling filly which he purchased in Chicago and which promises to astonish the world. Altogether Mr. Winters has not only the best stable of the times, but the most promising one for the future.

Great credit is due him for his interest in the State Fair, paying out of his own pocket in building judges stands and tastily ornamenting the same. Certainly Mr. Winters justly bears the name of being one of the most enterprising and honorable turfmen in the United States.

LARGE WATER CLAIMS.

Entire Failure of Early Planted Potatoes.

The Winnemucca Silver State of the 31st inst. says: It is estimated that the claims for water, filed in the Recorder's office under the act of last March, would drain the Mississippi at its highest stage. Some, who have not had a dozen inches of water in their ditches for the last three years, claim thousands of inches, and several claim more water than runs in the Humboldt at its ordinary stage.

Joe Organ of Star ranch directs attention to a peculiar circumstance. He says that potatoes planted before the storm that occurred last May, while producing vines, yield no potatoes whatever, while potatoes planted later in the season yield as well as usual where there has been water to irrigate them. This county has been noted for the size and quality of the potatoes which it produced heretofore, and ranchers consider it remarkable that there should be none this year except in the few small patches planted late in the season. Mr. Organ attributes the failure of the crop to the unprecedented hot weather in the early part of May.

A CLOSE CALL.

Hon. G. H. Morrison Nearly Loses His Life.

Colonel George H. Morrison, Secretary of the Bancroft History Company, at 721 Market street, San Francisco, narrowly escaped being killed on Thursday morning while passing the Chronicle building on Market street. A monkey wrench fell from the top floor and struck Morrison on the head, but luckily the force of the blow was broken by his silk hat. He was picked up in an unconscious condition and removed to his office, where he received medical attention. He soon recovered consciousness and was taken to his home at 908 Guerrero street. He received an ugly gash about three inches long in the back of his head, and it will be some time before he is able to attend to his duties.

Heavy-Weight German Girl.

Elizabeth Lyska is the most famous child in the German Empire. All Berlin calls upon her because she is big. Although but eleven years old, she is six and a half feet tall and weighs about 200 pounds. For the last two years she has grown over a foot a year. Her smile is said to be very "fetting," while for dinner she thinks nothing of eating two pounds of pork. She is content to play with her dolls and paper puzzles when not on exhibition for the benefit of the rest of the Lyska family.

School for Girls.

The Bishop's School for Girls begins its advent term on Wednesday, September 4th, at 6:15 A. M. Miss Megquier, the new Principal, and all the teachers have arrived and are ready for duty. The tuition for day pupils has been reduced and some new features are to be added to the course of study. German will be taught without extra cost by a lady who spent four years in study at Dresden, and a lady of superior ability as a mathematician will also take her place in the faculty.

Probable Wife-Murder.

Last Saturday evening a Virginia City miner who goes by the name of Benny Jenkins, in a quarrel with his wife put six balls into her from a revolver. It seems that Jenkins had been drinking heavily, and probably concluded that a good way to end his woes would be to murder his dearest wife. He happened over a woman coming nearer reforming than brute than any other kind of medicine. There is thought to be a bare chance for the wounded woman to recover.

The Codlin Moth.

There is no longer any doubt but the pestiferous codlin moth is actively at work in the orchards of Reno and vicinity. The large quantities of apples and pears daily falling from the trees shows the work of this insect to be rather damaging.

Reported Ore Development.

It is reported that the Eureka Consolidated Mining Company have developed a fine body of ore on the 800 foot level of their mine, and that the old camp is going to boom soon. The GAZETTE hopes it is true.

Taking Care of Their Sawdust.

The Verdi Box Factory Company are getting rid of their sawdust by means of a blower, and the Essex Mill Company are running their refuse matter across the river where it is burned.

Excellent, reliable and economical are the stoves and ranges sold by Lange & Schmitt; every house and store should have them. Call and inspect before purchasing.

BREVITIES.

Local and General Intelligence.

Read the new advertisements. Read the local matter on the first page.

Read the State Fair ad. on the 4th page.

See Palace Restaurant ad. under "New Today."

Read H. F. Rohr's ad. of door and window stops for sale.

The Carson box factory has an order for 200,000 raisin boxes.

The close season for Nevada feathered game ended yesterday.

Mr. St. Mary's Academy opened today under very favorable auspices.

The steel covering of Beck & Co's new flooring mill is nearly all in place.

Go to Lange & Schmitt for ranges, parlor and stove stoves; best assortment in the State.

John Dignon had a thumb amputated last week by a circular saw in the Carson box factory.

Who will make an offer for the "Typo" suits (new)? For further information apply to Beech.

Mr. Godfrey of the Palace restaurant is keeping up the reputation of that popular place. A good meal can be had there at all times.

The Palace Bakery employs good material, the proper tools, and a thoroughly competent candy-maker. Result: The best candy in town.

A car load of 2,000 Kansas chickens and turkeys passed west yesterday.

They were owned by a man who has made nineteen trips to California with poultry from the vicinity of the Missouri river.

Three cars of horses shipped from Battle Mountain by Arthur Hooker to Sacramento, and two cars of beef cattle shipped to San Francisco from Reno by the same party, were forwarded last evening.

L. Adams arrived yesterday from Salt Marsh with 100 head of cattle to be pastured and fed on the meadows, and 430 head of Louis Deans' cattle arrived from his Granite Creek and Deep Hole ranges to receive the same treatment.

The Edward Harrigan theater troupe arrived from below this morning and proceeded to the Comstock. They will play at McKissick's Opera House tomorrow evening. Taken as a whole, the above is about as bright a looking company as have ever played in Reno, and should receive a full house.

PERSONAL.

L. B. Rhodes is in from Long Valley.

Mrs. M. D. Foley of Eureka is visiting friends in Reno.

Chat Roberts and son, Charley, were in town last evening.

Alvaro Evans returned yesterday morning from a trip to the Bay.

Mrs. Novacevich and daughter returned from below this morning.

United States District Judge Sabin returned from San Francisco yesterday morning.

J. F. Egstrom, formerly a partner of A. Benson in the Lee stable, is visiting Reno.

J. F. Dennis of the Battle Mountain Central Nevada, arrived in town yesterday morning.

S. P. Davis of the Carson Appeal returned yesterday from an extended trip to San Francisco.

B. C. Shearer of the Western Union Company went to Dayton yesterday to accompany Mrs. Shearer home.

Judge Leonard, who returned from below this morning, expresses a hope that Mrs. Leonard is really improving.

Nat Dow of Carson City was in town yesterday on his way to Wadsworth to take a position on the Central Pacific.

W. Killen of the new Phoenix Hotel went below Saturday evening to assist Mrs. Killen in purchasing new furniture.

Dr. Craig, a physician of Capay, Cal., who has been visiting friends in Long Valley, returned home on last night's train.

Daniel Davis, brother of the late Lieutenant-Governor, who made a short trip to the Bay, passed east this morning on his way to Ogden.

John Eckley came down from the Comstock last evening to meet his family from San Francisco. They returned on this morning's train.

Wm. Free, President of the Eureka Consolidated Mining Co., spent Saturday in Reno, the guest of M. D. Foley. Mr. Free went on to the Bay Saturday night.

Wm. F. Hooton, Cashier of the People's Savings Bank, Sacramento, was up looking after the bank's interests here and returned on Saturday night's train.

M. Brandenstein, the Humboldt county stockman, accompanied by his daughter, arrived here Saturday evening and left yesterday morning for Lake Tahoe via Carson.

Ex-United States District Attorney Hayden went to Carson today to make some motions in the United States District Court in the Eureka timberland cases.

Miss Kate M. T. Tupper returned to Reno yesterday morning after an extended visit East. She reports having had a glorious time. She will take her class at the University to-morrow morning.

Henry, brother of W. B. Dougherty of Reno, who for the past ten years has had charge of the State Capitol grounds and who was recently elected to the position of Superintendent of the Carson City Water Works, was in town yesterday on a visit to his brother.

Wanted.

To rent, a furnished house in easy reach of the University. Address by letter, KATE N. T. TUPPER.

Be Merciful to Yourself.

And heed the appeal for assistance put forth by your liver, when the organ is out of order. Among these are distress in the right side and through the right shoulder blade, yellowness of the skin and eyeballs, furred tongue, sour breath, sick headache, and above all, irregularity of the bowels. The mercy you extend to the afflicted organ is wisely shown by a prompt course of medication with Hostetter's Stomach Bitters, most genial of alteratives, and the hepatic gland early reciprocates the deserved attention by retaining its secretory functions actively and regularly. Among the accompanying good results are renewed digestion, freedom from headache and a resumption of activity of the bowels. All bilious symptoms disappear, and appetite and sleep improve. Beneficial are the effects of the Bitters in malarial disease, kidney disorder, rheumatic ailments and nervousness.

JOHN SUNDERLAND.

WHERE THE PAPER GOES.

The Immense Amount Used by Leading Publishing Houses.

There are over 1,000 paper-pulp mills in constant operation in the United States, and the question is asked: "What becomes of all the paper which is manufactured from this pulp?" The 15,000 different newspaper publications, daily, weekly and monthly, must use immense quantities. The Century Company alone takes nearly 200 tons a month for its publications. Harper & Brothers take 25,000 reams, and Robert Bonner 10,000 reams at a time. Two cheap-litersure firms buy \$500,000 worth of paper. One patent-medicine firm buys \$300,000 worth of paper every year. As we have before said, there are more paper mills, running more machines, in the United States than in any other country in the world. Germany has nearly as many, but no other country has half as many.

Another Stage Robbery.

By a private dispatch it is learned that early this morning the stage between Bodie and Hawthorne was robbed by a lone highwayman about two miles from the former place. Bulion to the amount of \$1,700 was taken, besides what there might have been in Wells-Fargo's box.

A Social Movement.

Reno Society will be unusually gay this winter. The GAZETTE is informed that the Faculty of the University intend giving a series of receptions; partly in return for the social courtesies extended them by the citizens of Reno, and partly as a means of bringing the students into more intimate relations with other teachers, and introducing those who are strangers into the social life of our town. The GAZETTE is glad to see our youthful University thus early in its career, following the example of older and more famous institutions in this respect, and believe that much of both pleasure and benefit will result from this series of reunions.

New Bank Commissioner.

W. H. Chamberlain who for many years has been employed in the Auditor's office of the Southern Pacific system, has been appointed Bank Commissioner, to succeed ex-Congressman Cassidy.

Granted a New Trial.

W. T. C. Elliott, convicted of the murder of White in Inyo county, Cal., has been granted a new trial by the Supreme Court of that State.
